Position summary

Every Member's reward. Every filing. Every piece of tax advice that shapes how this firm is structured—there is a team that makes it work. This is that team.

This is a newly created position within our Partnership Tax team. Reporting to the Head of Partnership Tax, you will own the end-to-end U.K. tax compliance cycle for the firm's LLP, its Members, and its corporate entities—managing tax computations, individual Member returns, PAYE Settlement Agreement, HMRC correspondence, and Member annual tax statements with the precision our people expect.

But there is more to this than compliance. You will monitor the tax environment, track legislative change, identify process improvements, and be the person Members turn to with their queries. When the Head of Partnership Tax needs technical analysis or project support, you will be the one they call on.

You'll be highly organised, hands-on, and comfortable working at pace. Equally capable of preparing a complex computation as reviewing the work of others, and confident communicating tax matters clearly to senior stakeholders.

You bring a strong U.K. tax compliance background, a recognised qualification — CTA, ACA, ATT, or equivalent — and professional services experience. Legal sector experience would put you ahead.
